SIR:

okay
We, Charles William Carrier, Gary Mac Holloway, and Charles Robert Wojciechowski,
hereby declare:

That we are the inventors of the invention described and claimed in the above-referenced
U.S. Patent Application;

That the invention was made while we were employed by the General Electric Company,
the assignee of the subject invention, using facilities, equipment, materials, funds, information and
services furnished by the General Electric Company, and, further, was made under U.S.
Government Contract #F33615-94-2-4439 (Department of the Air Force);

A license will be granted to the United States Government under the terms of the above-
mentioned contracts;

That the invention set forth in the above-referenced U.S. Patent Application was not made
(conceived or first actually reduced to practice) under, nor is there any known relationship of the
making of the invention to the performance of, any work under any contract of the National
Aeronautics and Space Administration;

That all statements made herein of my own knowledge are true and that all statements
made on information and belief are believed to be true and further that these statements were
made with the knowledge that willful false statements and the like so made are punishable by fine
or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such
willful false statements may jeopardize the validity of the application or any patent issuing
therein.
